

## **Rico's Alligatorade Mocktail**

### **Ingredients:**

1 good handful diced pineapple

150 ml good coconut water (Not from concentrate, if possible. And no coconut drink!)

25ml fresh citrus juice (Lemon or lime is recommended, but go crazy, guys. I'm not the one drinking it!)

2 drops aromatic bitters

### **Directions:**

Muddle the pineapple in your chosen vessel to shake. (By muddle, we mean smash it up with a muddler (the pro tool), a rolling pin, or something along those lines.) Add all the other ingredients. Add ice, and shake like mad! Fine strain into your chosen drinking vessel, and garnish with a pineapple leaf.
